DRIFTING THOUGHTS AND FOND MEMORIES

As the last year of my school life, comes to a close, I look back over many years of happy memories.

As each classmates mame runs through my mind, there are some little things that I remember about each of them.

Now take Jeanne for instance. Of course, when I think of the Senior Class. she is the first in my thoughts When she is mentioned, I naturally think of the great times we have had together since the first year of school. Also, I think of how this kid "loves" to dance.

When Neil Gasto is mentioned, I think of basketball. This guy could play ball and I don't mean maybe! He was just the athletic type and will always be remembered as so.

Lawless brings almost the same thoughts as Neil, but Lawless is also a "CLOWN": I don't mean it as an insult, but as a compliment. Lawless is the kind of a person who makes everyone happy because, of his light and carefree manner.

If you were to mention Rachel to me, I am naturally reminded of a comb. Rachel does love to comb her hair. The hair-Combing brings in Jeannine also, as it is the outstanding factor that I remember since early school life.

Suppose Myrtle is brought into the conversation. The first thought is of Myrtle's quiet and pleasing personality. She always has a kind word to say and greets everyone with a smile.

This kind of manners brings two other girls to my mind, Norma and Elsie. They have always been as sweet and pleasant as any two people could be.

Kaye brings the thought of VPI to my mind. She has always gone for college boys. I remember, too, how she had so many pen pals all through the school years.

When water sports or any such things are discussed, Kyle pops in my mind He has always loved that river, and as long as I have known him, that has been his favorits past time.

Billy, too, loves the river but the thing I remember most is how easily he could do any lessons that had to be done and he was always as "Smart as a Tack".

Speaking on the lessons angle, the names of Ann and Eleanor come to mind. They have always been at the head of the class and I think always the most studious.

Whenever there is a group standing around and laughter rings out, I think of Patsy Feagans. She always has some witty remark to make, and keeps any "party on the road." When the plans were made for a meeting or a party Patsy was always found on program to sing, and sing she can.

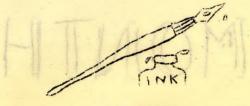

As I think of Brenda, I really have some crazy thoughts. I remember all the three weeks we traveled to California and all the fun we had, when she use to have the car and we would all go for some rides.

When any of the names of James, Robert, Maynard, Billy, and Ray are mentioned the first thing I think of is all the animals names they are always calling each other, and the game of horseshoes, that they are always playing.

Bud reminds me of the passion he, has for girls, cars, and dancing. Bud, has always looked forward to the one day when he would own his very own car.

Danny makes me think of music. I know how he has always loved to play, sing, and dance. He has always thought that his radio is a "man's best friend".

Mike, that brings baseball to mind Oh, how he loves that baseball. I can remember, too, how he wanted to take a class trip. When any trip is planned you can depend on Mike to go.

CLOSING MESSAGE

As the end of this school year is fast approaching, let us take a few moments to look back over the year and evaluate our progress. Did we do our best in every phase of school life?

To the Seniors go my best wishes for success in whatever you choose to do in your life. You are at a beginning instead of an ending on the path of life. Only through your own efforts will you achieve your goals.

To those who will be here next year, I urge you to take advantage of every opportunity that is placed before you. Don't wait until you get out of high school to plan your future years. Don't waste your time while in school, for during that time you are acquiring the fundations on which to build your knowledge.

I should like to take this opportunity to thank each one who has worked on the Telletorium in any way this year. My EDITORIAL...

GOOD-BYE DEAR OL' B. I. H. S.

"School days. School days. Good ol' golden rule days.

Reading 'n 'riting 'n' 'rithmetic'. taught to the tune of a hick'ry stick!

Yes, school days are happy ones, aren't they? The guidance of our principal ... the understanding of our parents... the friendships of our classmates..the help of our teachers Without these we could not have reached one of the greatest moments of our lives-graduation!

Though we have traveled far, success does not come as a result of this single achievement. We must continue to set goals for ourselves and strive to reach them. Hitch your goals -- your stars -- to a wagon that rolls steady, often slowly and amidst failures, but steadily along.

Success in living lies -- in living every day; in living fully and constructively in the present, with as ear cocked to hear the wisdom of the past, and an eye fixed on the future.

We, the Senior Class, have chosen for our class motto--"Sail the lakes of ambition and land on the shores of success!" May it ever guide us. And may God bless each and everyone of you-always "

-- Editor

thanks go especially to the editor, who with her staff, has done the hard task of getting the issues of the paper out. It has been a pleasure to work with all of you.

As I leave Big Island this year, many fond memories go with me. I have enjoyed being with you and I hope that I may see you again sometime. No matter where I will be next year, I know I shall miss the students at Big Island. Now I bid you "Rarewell!"

-- Miss Roberta Layne

The older you get, the sharper your memory becomes in recalling past events. Who is that boy who is about 5 feet ll inches tall in the Senior Class? He seems to get along well with everyone. He is neat, clean, well-dressed, and always drives a nice car. He works hard and is not afraid of work. At the present he helps one of our biggest merchants in the upper neighborhood and seems to enjoy waiting on his customers. He likes to sing and play the harmonica, too.

While in school he has been a member of the S. C. A., 4-H, K. V. G., and the Safety Patrol. His future plans are uncertain, as "Uncle Sam" might have some other plans for him real soon.

Have you guessed who "Ole Donkey" is? Well, you probably have by now! It's Ray Edward Wilson. We wish you the best of luck and success in the future, Ray.

(con't from page 2)

Corretta, in thinking back, has always wanted to be a housewife, more than a career girl. I think, also, that Corretta is one of the neatest girls I have ever known during my years in high school.

I have very vivid memories of Freddie. I remember a few years ago when he tripped me and I fell flat on the floor. The next morning I had the mumps. Freddie is one who loves typing, too. I also associate Freddie with the apple orchard.

Through all of these memories, I hold the highest regard for all of my class-mates. Each of them will hold a special place in my heart as we leave, each his separate way.

Betty Lee St. John

Our last Senior girl personality, with long blonde hair and gray eyes, is about 5 feet 5 inches tall.

Norma is a quiet, reserved person who is well-liked by each of her class-mates. If there is a job to be done, she may be found doing her part, as she is an industrious girl.

If chicken and potato chips are on the menu for a picnic, Norma will be there, for these are her favorite foods.

Best of wishes in the future, Norma.

OUR VISIT TO JAMES LEES AND SONS

On Wednesday, May 4, at 9:00 A.M., a bus load of chattering Seniors started out for a day of touring the rug factory in Glasgow.

An hour later we arrived at the plant where we were divided into three groups, each had a representative of the firm to conduct the tour. We started at the shipping dept. and worked our way, step by step, until we reached the finishing department. This tour lasted about 2 hours and covered a mile of walking.

We ate a good lunch in the cafeteria around 12:05, as guests of the plant.

Each Senior, then boarded the bus and returned to Big Island.

SENIORS VISIT THE NATION'S CAPITAL

The Senior Classes of Big Island and Boonsboro left the Lynchburg Trailway Bus Station at 2 P.M., April 29, bound for our nation's capital, Washington, D. C.

Having ridden for several hours, we arrived at the South Gate Motel in Arlington. Virginia. After freshening up, we rambled through the city of Washington, sight-seeing, window shopping, and looking for a place to eat; while Boonsboro went to a night club.

Saturday, April 30, we got up at 7 sharp (the ones who went to bed) and ate breakfast. During the morning we took many interesting and educational tours including the Lincoln Memorial, Wax Museum, White House, the Capitol, Smithsonian Institution, the changing of the guards at Arlington Cemetery and the Statue of Iwo Gima. In the afterenjoyed a short visit to noon we all the zoo in Washington, D.C. It seems Mrs. Mason and Jeanne Ramsey had a little. trouble getting out. They claimed they lost their way.

For the evening entertainment everyone went to see "Ben Hur" at the Warner Theater. I believe this is one of the best movies I have ever seen.

Sunday morning all of us attended the First Baptist Church of Clarenton, Clarenton, Virginia. Mrs. Mason's brother is a member of this church, which cordially welcomed us.

On the way home we visited Mount Vernon, ate lunch in Fairfax, and to add some excitement—to the trip—the bus ran out of gas about 50 miles from Lynchburg!

I'm sure each one had a very nice time and enjoyed the fellowship of the Boonsboro group. We all returned home--tired, sleepy, penniless, but I might add-enlightened and happy!!

MOMENTS TO REMEMBER

Friday, May 13, was the big night for the Juniors and Seniors. The annual Junior-Senior banquet was held at the Natural Bridge Hotel. The promimmediately followed in the Ballroom. Between 6:30 and 7:00 o'clock the guests began to arrive, the girls in their formal gowns and the boys in tuxedoes.

After a delicious meal in the dining hall, the program was presented. The welcome was given by Vincent Tanner, Junior Class President and the Response by Neil Casto, Senior Class President. Our famous soprano, Patsy Feagans, sang a few of her prizes selections. Ann Tomlinson read the Class Will. Billy Williams read the Class Prophecy. Our program was concluded with the benediction by Miss Roberta Layne.

After leaving the dining hall, we retired to the Ballroom. As we approached, we heard some wonderful music being played by Joe Lynn, Jr., and his band from Buena Vista. The faculty and guests, as well as the students began dancing. The evening of fun was completed by the saving of refreshments in the form of punch. This was "a great night" for everyone.

While there is no certain, foolproof test, there are ways of trying out your feelings. Here are some questions a girl--or boy-can ask which will indicate, in a measure, whether the feeling is love in its best meaning.

Is he someone other people respect, as well as like?

Are his religious beliefs much like mine?

Are his interests much like mine?

Do we really enjoy doing the same kind of things? Do we really have fun doing things together, or do I "just go along" to please him?

Are his friends the kind I'd like to know better and have as my friends?

Could I spend a long day, followed by a long evening, without even holding hands, and not be bored?

Does he get along with my parents and can they trust him?

Can I think of his having a good time with other boys and girls if we were separated for a while, without being terribly jealous and wondering if he still loves me as much as I love him?

How does he act when things go wrong? Does he sulk or get mad or say mean things; or is he willing to sit down and talk things over?

SUMMER PLANS

Roger Hatcher will leave as soon as school closes to make his home in Calif-

Little travelers will travel:

Debbie Snead to Florida Steve Hudson to New York Billy Byers to Hopewell Sherry Collins to West Virginia Peggy Goff to Ohio Shelby Dawson to New Jersey Mike Nichols to Virginia Beach

Many students will attend 4-H camp and various church camps, as well as Vacation Bible School.

Jane Whorley plans to have a tonsilectomy.

If the answer to most of these is the wrong one, then you had better stop, look, and listen. In all probability the emotion you feel isn't the kind that will last as long as you both shall live. That lasting love is the only kind of love to be willing to settle for.

Marriage is for keeps. It is so wonderful at its best that it is worth all the self-control and careful planning which you direct toward it now.

It takes one third of a second for your mind to receive an impression.

Big Island loosed its potent hitting attack and clobbered Huddleston 13-0. David Arthur allowed only six scattered hits, and struck out seven men. Lawless Camden, who had a creditable day at the bat, sounded out a long home run and scored three of Big Islands 13 runs. David Arthur was the winning pitcher and Ron Turner was the loser.

BIG ISLAND LOSES TO MADISON HEIGHTS

Big Island could not withstand the strong hitting attack put on by the Madison Heights team. The final score was 12-4. Big Islands pitching was done by Hudson, Arthur, Goff and Spence. Hudson, was the losing pitcher, while Don Wheeler was the winner.

BIG ISLAND DEFEATS STEWARTSVILLE

GREEN'S DRUG STORE PARTY

All of the Seniors of Bedford County were entertained in Bedford, Wednesday 18 by Mr. Charles Green, owner of the Green's Drug Store.

To start the event, group pictures were taken in front of the Court House. Each Senior will be given a picture of his own Senior Class and one of the entire group.

After the pictures were taken, everyone proceeded to the American Legion Hall for a buffet supper. Following the supper the candles on a large decorated cake were lighted and all of the Senior Class presidents blew them out.

Soon the sound of music was heard, as "The Sportsters", a local band in Bedford, began playing for the dance. The people with "tired feet" went to the basement and played Bingo.

Everyone seemed to have a good time and enjoyed everything.

PRE-SCHOOL CLINIC

"Ouch!" was the answer from the little children who will become pupils next year.

This was the pre-school clinic that was held at 1 p.m. on Friday, May 6. The little pupils-to-be received a physical check-up and their vaccination against common diseases. They will be admitted to Big Island School next year.

The clinic was over at about 2:15. These future students will wait out the summer and when September comes they will happily enter their first day of school life.

I wish to extend a "Thank You!" to the high school students that helped with the clinic.

One way to get rid of the noise in the rear of your car is to have her sit up front with you.

A Boston newspaper some seventy-three years ago reported: "Joshua Coppersmith has been arrested for trying to extort funds from ignorant and superstitous people by a device which he says will convey the human voice over wires. He calls the instrument a telephone."

In a book published in 1933, Dorothy Thompson related that it took her just 50 seconds after meeting Adolf Hitler to decide that "that formless, almost faceless man" would never become the dictator of Germany.

Here's how the Chicago Times in 1865 evaluated Lincoln's Gettysburg Address in commenting on it the dry after its delivery: "The cheek of every American must tingle with shame as he reads the silly, flat, and dishwatery utterances of a man who has to be pointed out to intelligent foreigners as President of the United States."

In many a public speech, the great Dariel Webster expressed his doubt concerning the ultimate success of American railroads. He argued that frost on the rails would prevent a train from moving; or, if it did move, it could not be brought to a stop.

And most people who loaned money to Robert Fulton for the development of his proposed steamboat did so with the stipulation that their names be kept secret, for fear they might be ridiculed for backing such an absurd idea.

You FEEL you are old enough to have your first date. You want to, but you keep putting it off. Is it because you're shy? Or is it because you don't know exactly how to ask a girlfor a date in a courteous, proper, and successful manner?

Here are five suggestions that should make the matter pleasant and easy for you.

depend on her girl friend or your boy friend to make the date for you. Be a "John Alden" and speak to her yourself.

2. Timing is important. Make the date far enough in advance so as not to interfere with other plans the girl may make.

SNOOPER

A Little Bird tells me that there are quite a few "new" and "young" loves at ol' B. I. H. S.----What about it? D.R. & S.G., E.M. & B.T., S.K. & B.B., R.C. & A.W., M.W. & J.N.

Carol Hart seems to like to dance the "Charleston"---Especially with a tall, Cadet from V.P.II. Right, Carol?

A certain Senior girl ought to remember that "Loyalty" works two ways.

I hear that things were "real cool" during the Washington trip---What about it Seniors?

When A Sophomore girl gets the best of a Senior boy-people had better watch out.

"Wedding Bells" will soon be ringing for three Sr. girls. Right: Jeanine? Rachel? Eleanor?

ままままま

3. Face-tc-face. Forget the telephone and the mail. Ask her face-toface for the first date. After that, the telephone will be all right.

4. Something definite. Instead of sayin, "How about a date?" Try "How about the ball game Friday night?" Then she will know what to expect and what she should wear.

5. Don't play detective. If she says, "No," accept her refusal courteously. Don't pry into her affairs to learn if she has turned you down because she prefers someone else.

Now is that difficult? Give it a trial!
